

18 August, 2005

Subject: Material Compliance to EU Directive 2002/95/EC, Restriction of Hazardous Substances (RoHS).

To whom it may concern:

This is to confirm compliance of Ampco Metal supplied alloys with the above mentioned EU Directive. All of our alloys contain less than the 4 % by weight lead exempted under Annex, article 4(1), item 6. The other elements specified by the Directive are not applicable to our alloys.
